

Modern EA practice for Lean Organizations

Elmar Els and Marius Snel

"Coming together is a beginning,
staying together is progress, and
working together is success."

– Henry Ford

Introduction

ELMAR ELS

Manager: Enterprise Architecture

MARIUS SNEL

CEO: Knotion Consulting

Agenda

1. Understanding Trends and your Business
2. What do you want to achieve with EA?
3. Leveraging Trust and Building Partnerships
4. EA as a Service
5. Using EA Tools to Achieve your EA Aspirations

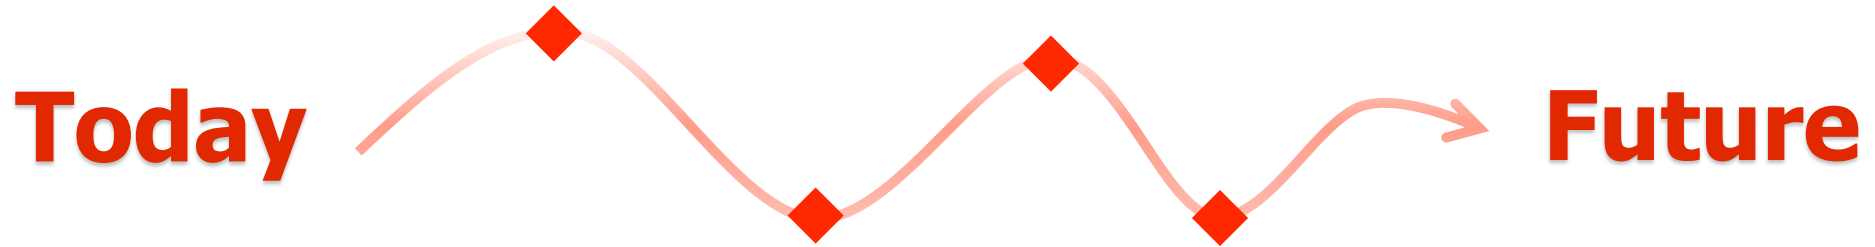

Understanding Trends and your Business

Keeping up with industry and IT changes, and influx of Demand.

Establishing your EA Vision

Understanding what EA does Today, and in Future, to create an EA Vision

EA Team Composition?

Audit & Governance Requirements?

What EA tools are you using?

How do you interact with Business?

Do you have EA Partners?

EA WoW in your organization?

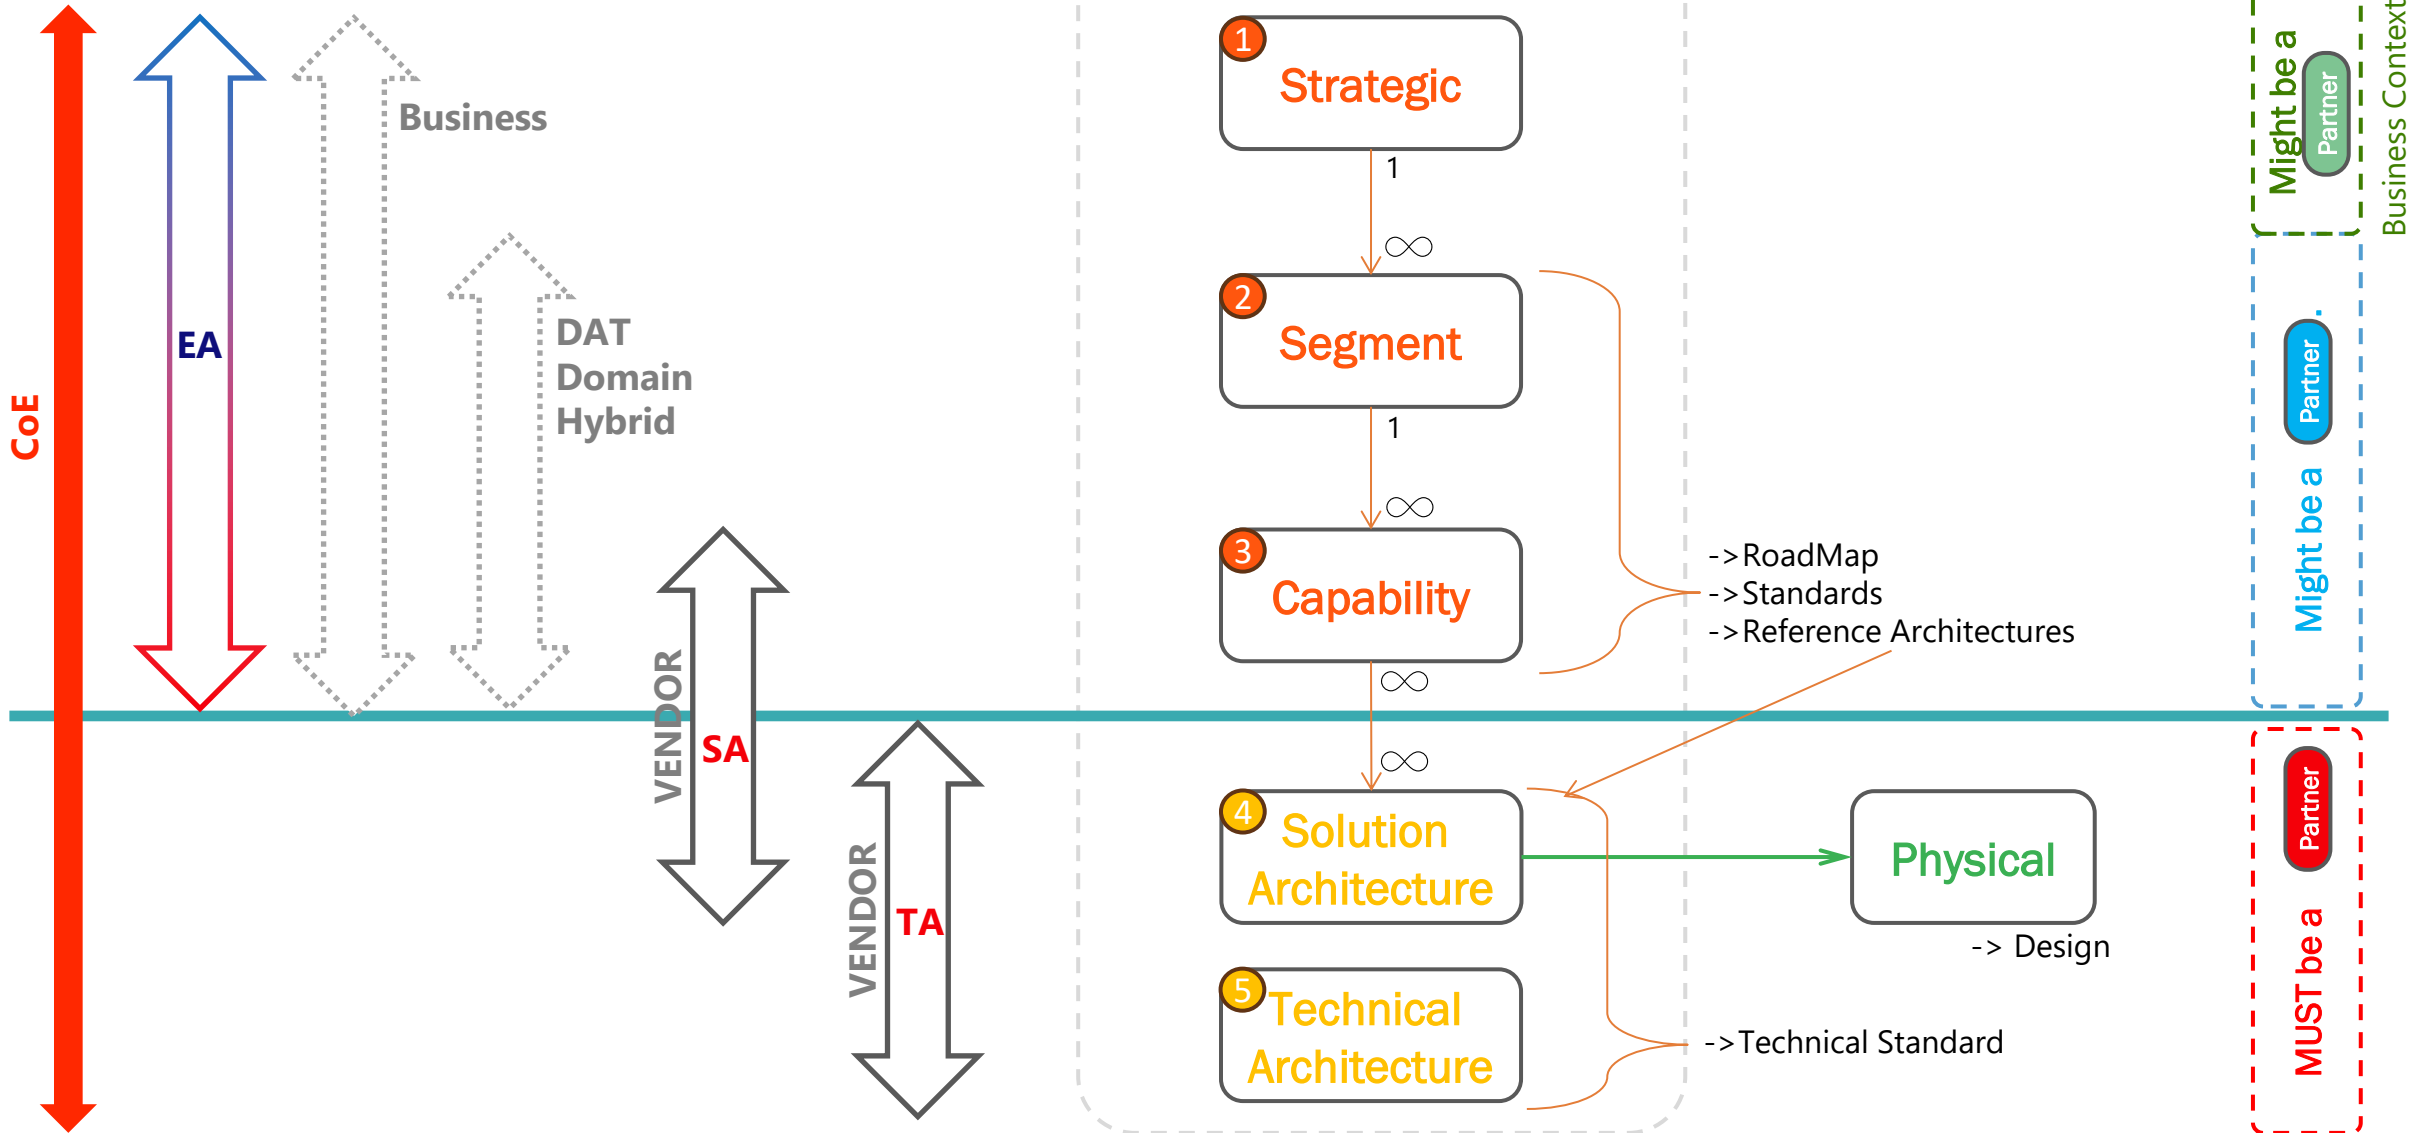

Who Deliver EA Work, QA EA Work, Govern EA Work?

What EA Administration overhead do you have?

What accelerators can be leveraged for EA?

Modern EA practice for Lean Organizations

Introduction to the Management Office Integration (MOI)

Profit from the best of ADONIS and ADOIT

Support business transformation by providing a complete and up-to-date picture of business and IT architecture at once.

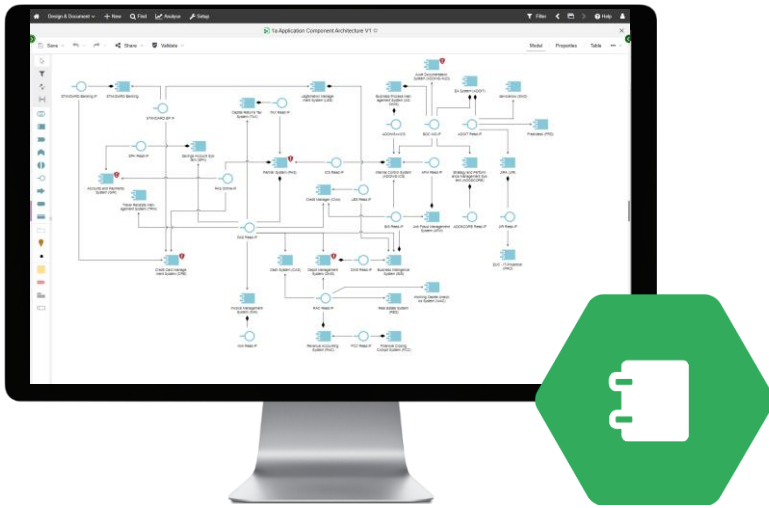

Business Process Management with ADONIS

Application Architecture

Process Landscape

Enterprise Architecture with ADOIT

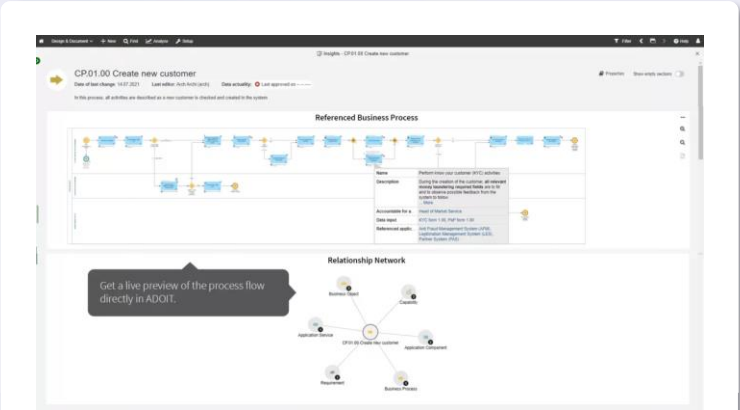

Introduction to the Management Office Integration (MOI)

Combine BPM with EA and Leverage Documentation and Planning Synergies

- ▶ Understand your business context
 - ▶ Which processes do your services or applications support?
 - ▶ What are the implications of changes in my application portfolio on my business processes?
- ▶ Make sure you have the right information
 - ▶ How to ensure your data is up-to-date?
 - ▶ Is your data compliant to the Single-Source-of-Truth principle?
- ▶ Bring your IT and Business team to the same page

Management Office Integration (MOI)

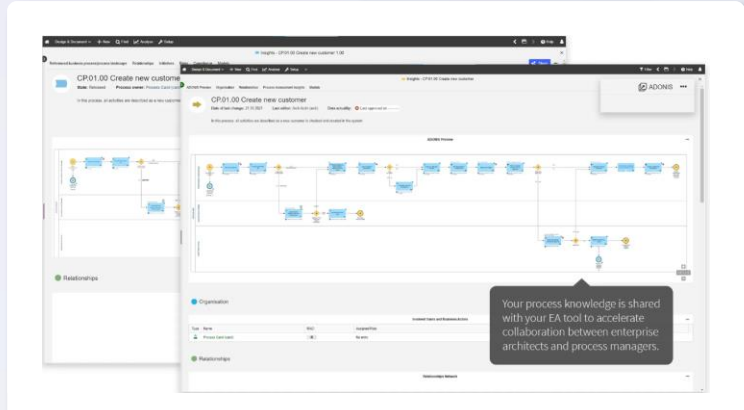

Connect ADOIT with ADONIS

Combine EA with BPM and Leverage Planning and Documentation Synergies

Enrich your EA documentation and asset information with business context for better impact and risk analyses
