MASTERING REPOSITORY MANAGEMENT

Agile | Federated | Scalable

MASTERING REPOSITORY MANAGEMENT

Agile | Federated | Scalable

ENFORCE GOVERNANCE EARLY AND CONTINUOUSLY

Repositories should be a tool that enforces governance as part of the approval processes, not a burden to maintain

CHANGE IS INEVITABLE, PRE-EMPT IT

Repositories should be living organisms, flexible enough to accommodate change and minimise negative impacts

DELIVER RELEVANT REPOSITORY UPDATES REGULARLY

Ensure that repository content is updated at regular intervals to keep it aligned with the business's needs

EMBRACE THE ECOSYSTEM

Make it easy for different stakeholders to interact with and add value to or receive value from the repository

SUPPORT THE KEY PLAYERS

Simplify repository management to reduce its perceived complexity, and provide users with the resources and support they need

PROMOTE CLEAR AND OPEN COMMUNICATION

Encourage regular, clear communication among teams to ensure that everyone is aligned with repository goals

CORRECT USE OF THE REPOSITORY IS THE PRIMARY MEASURE OF PROGRESS

Ensure that business and users see the value in the repository, make it intuitive and easy to navigate

Create processes that ensure the repository can be maintained at a constant pace without overwhelming the team

FOCUS ON THE MECHANICS

A deep understanding of the technical details of repository design will improve adaptability to changes

KEEP IT SIMPLE

Use established standards, references, and examples to avoid reinventing the wheel
